The Pitch

I build high-performing teams and scalable systems that accelerate product growth and operational efficiency.

Work Experience

AI & Growth Consultant | Five Whys LLC | Remote

Dec 2025 to Present

Building bespoke solutions and growth functions at early-stage businesses

- Custom AI tooling and workflows
- 0 → 1 paid media setups for B2C SaaS
- Developing new analytics products for public oversight (tallyhq.org)

Product & Growth:

Director of Business Operations | vidIQ | Remote

Apr 2022 to Nov 2025

A platform that helps creators grow their audience faster on YouTube.

Product & Growth:

- Rebuilt payments infrastructure (50%+ conversion rate increase, 50% ↓ complaints)
- Launched AI-powered landing pages (30% signup lift) and led GTM for GPT-based AI Coach (100K+ users)
- Prototyped outlier video discovery product → became core platform feature

Team & Marketing:

- Grew Marketing & Growth team 9→18 while achieving record low CAC
- Built video content team that doubled YouTube watch time
- Restructured creator partnership program (10x expansion)

Operations & Analytics:

- Led analytics/forecasting for Finance, Marketing, and Product
- Managed B2B/Enterprise development (API platform, chat-integrated MCP)
- Implemented AI cost tracking and abuse detection
- Executed key migrations (ESP, dunning system) and implemented Apache Superset for reporting and dashboards

Director of Product | WayUp | Remote

Jul 2021 to Apr 2022

A platform to virtually recruit qualified, diverse early-career candidates.

- Managed Product Operations, Product Management, and Data teams
- Defined post-merger integration plan for B2B SaaS products

- Increased job application volume by 30% through various funnel improvements

Product Operations Manager | Indeed | Austin, TX

May 2019 to Jul 2021

The #1 job site in the world.

- Developed and maintained reporting solutions, utilizing Python and SQL, for teams including Client Success, Sales, Product, and Program Management
- Managed a team of 3 analysts working on approximately 10–15 projects at a time

Sr. IT Security Governance Analyst | The Home Depot | Austin, TX

Nov 2018 to May 2019

The world's largest home improvement retailer.

- Supported the security risk management process for a portfolio of IT systems
- Developed analytics dashboards and reports utilizing Tableau

IT Compliance Analyst | Indeed | Austin, TX

Dec 2017 to Nov 2018

The #1 job site in the world.

- Designed and implemented access, change management, and GDPR reviews
- Developed license management practices that reduced annual expenses by \$100k per year

IT Audit & Compliance Consultant | Freelance | San Antonio, TX

Sep 2017 to Dec 2017

A global consulting firm.

- IT SOX Logical Access and Change Management Testing
- Excel and Google Sheets Automation and Solution Development for over 50 clients.

IT Auditor | Ernst & Young | San Antonio, TX

Jul 2016 to Aug 2017

A "Big 4" accounting and consulting firm.

- ITGC and application control testing for SOX Compliance
- Created VBA macros for automated budget analysis across 8+ client engagements
